Re: Grant Money -“To be used for recreational and community improvements”

Basic guidelines

1. Written proposal due no later than September 1, 2022
2. Before and After pictures to be taken
3. Not limited to any sports and recreation
4. Project should increase and/or enhance community recreation program-potential numbers of participants should be included
5. Community support in dollars and sweat equity-very important
6. Consider all age groups (important)
7. Completion date: report submitted to conservation board no later than January meeting 2023
8. Board will tour communities for verbal input of grant application-name and number of contact person
9. All money will not be allocated in September. Additional funds will be released in January 2023
10. If for community enhancement, provide details how funds will impact the community and the number of people that will benefit from the enhancement
